REAL ID “Switch Back” Success Story!

I have a story to share. Our organization, Citizens’ Council for Health Freedom, or CCHF, is leading the charge against the unconstitutional REAL ID, which is a National Identification system that, once digitized, could enable a future China-like social credit system.

We are asking Americans to “make the switch.” If you have a REAL ID, a “star card”, turn it in and get a standard state driver’s license.

A woman in California did just that. She told us she had no trouble at all. You can do it too. We’ve created a handout to help you. Go to RefuseRealID.org and find our instructions for switching back to freedom. That’s RefuseRealID.org. **RefuseRealID.org**
